

1st Quarter Budget Report Fiscal Year 2016

# City of Galveston

#### P. O. Box 779 / Galveston, Texas 77553-0779

February 5, 2016

Honorable Mayor James D. Yarborough and Members of Council

This is to present the First Quarter Budget Report for FY 2016 including unaudited actual financial results through December 31, 2015 as well as projected year end results for FY 2016 through September 30, 2016. The City of Galveston's operating budget is addressed in the attached report, showing favorable overall preliminary results.

It is estimated that revenue collections for FY 2016 will be \$115.7 million, an amount that is \$1.9 million less than the budget of \$118.6 million. Projected expenditures total \$135.5 million or \$2.1 million less than budget for all operating funds. This expenditure amount is larger than projected revenue because it includes the City's special revenue funds. Each special revenue fund is assumed in this report to expend all of its current year revenue and funds carried over from the prior year. Such funds are each required to be expended as specified by local, state or federal law and are not available for expenditure on other general municipal purposes.

Total fund balances, the City's savings account, are projected to end FY 2016 with \$36.6 million, \$4 million more than the \$32.6 million budgeted amount. This is because the City began FY 2016 with a larger overall fund balance carried over from FY 2015 than was anticipated in the budget.

This report includes projected year end results for all operating budget funds, considering current trends and matters known to have an effect on the budget fiscal year to date. Price trends in the energy sector continue to be a source of concern because of their potential impact on economic growth in the region and the resulting impact on economically sensitive revenue. Payroll and hiring trends have been used to project year end totals identifying several departments with expected underruns against their personnel budget. Notable variances between projections and budget have been noted and explained on each page of the financial section of this report. In addition, a first amendment to this year's budget will be offered in the near future in response to key items identified through this report.

### **General Fund Highlights**

First quarter results reflect a much tighter General Fund budget in terms of expenditures and more accurate overall in revenues than FY 2015. Revenue is projected to be on Budget with \$48.7 million in revenue. Property tax revenues are expected to be \$168,000 and sales taxes are projected to be \$140,000 under budget.

Expenditures are projected to be \$241,000 under budget with a number of departments reflecting slight overruns, all of which are annotated on the General Fund summary pages. Advance funding provided from fund balance for TIRZ 11 funded projects and operating budget additions are shown as being spent in FY 2016. However, this is not likely because no cash will be spent until TIRZ 11 is fully closed out and cash proceeds are in the city's account.

The General Fund began FY 2016 with an \$18.6 million fund balance, \$5.3 million more than the ninety day minimum of \$11.3 million. The General Fund is expected to end FY 2016 with a fund balance in the \$18.2 million range with the only use of fund balance being for the purchase of Council approved parking meters and systems upgrades for the Planning Department.

### **Special Revenue Funds**

Special revenue funds exist to account and budget for legally dedicated revenue that is not associated with a business-type, enterprise operation. The City's 19 special revenue funds are budgeted to spend all or most all of available funding; if funds are not spent, those special revenues simply fall to fund balance in the same fund. No special fund appears to be in need of amendment at this time; however, Island Transit will continue to be monitored closely because of the importance of grants and related reimbursements that fund transit services.

#### **Debt Service Fund**

The Debt Service Fund reflects the budget amendment that just passed Council at its January 28, 2016 meeting. That amendment provided expenditure budget amounts for debt service on all GO bonded debt service along with offsetting operating transfers from the Waterworks, Sewer and Central Services Revolving Fund. This change was budget neutral.

The amendment also included funding to be taken from the Debt Service Fund balance to defease the 2005 General Obligation and Refunding Bonds. The net result of the defeasance and the refunding of other debt is a projected underrun of \$238,000 in the Debt Service Fund budget and an ending fund balance of \$1.3 million for FY 2016.

#### **Enterprise Funds**

The Waterworks and Sewer Enterprise Funds are being monitored closely this year to measure and identify the combined effect of rate increases that took effect on October 1, 2015, conservation that is taking place as a result of those increases, and somewhat reduced consumption caused by wet weather. Neither fund is in need of amendment at this time. The trend in revenues is a concern, but is not entirely unexpected.

Waterworks Fund revenue is projected to be \$646,000 under budget, and \$388,000 less than projected spending. Assuming cash transfers to fund CIP projects are made, the projected ending Waterworks Fund balance is \$3.5 million.

Sewer Fund revenue is projected to be \$1.86 million under budget, and \$3.35 million less than projected spending. If all cash transfers to CIP projects are made in the budgeted amount, \$4.5 million, the Sewer Fund ending balance would be \$1.5 million.

While the Waterworks Fund appears to be in somewhat better condition than the Sewer Fund, the revenue and expenditure trends in both funds will remain under close scrutiny. Second quarter results available by early May should provide a clearer picture of FY 2016's ending fund balances.

Please let me know if you wish further information.

Brian Maxwell

City Manager

### CITY-WIDE SUMMARY Summary Schedule of Revenues and Expenditures Fiscal Year 2016 - December Report

- (1) Projection is based on current tax roll which includes \$35 million more in value than the certified tax roll (see appendix for full report).
- (2) Projection is based on slower employment growth at the regional level than anticipated (see appendix for full report).
- (3) Court collections on budget except for parking fine collections.
- (4) City Council authorized an annual increase of \$25,000 for the City Secretary in December, 2015. \$4,200 in COLA still to be allocated in future budget amendment.
- (5) Municipal Court currently has a vacant Deputy Court Clerk that will be filled in the near future. \$14,115 in COLA and salary increases still to be allocated.
- (6) Underrun do to vacant City Attorney position (projected to be filled by April 1st.) and hiring of entry level attorney instead of Assistant City Attorney as originally funded.
- (7) Overrun attributed to \$18,500 in COLA and salary increases still to be allocated and the addition of a HR Assistant Director.
- (8) The Accounting division added an Administrative Assistant and hired a Financial Advisor that was not included in the original budget and will be addressed in a future budget amendment . \$14,800 in COLA still to be allocated.
- (9) Underrun due to vacant Purchasing Supervisor position that was filled in January.
- (10) The Police Department has an over-run in their personnel cost of approximately \$93,000 and \$42,100 in COLA and salary increases still needs to be allocated. Current staffing is higher than budgeted overall for the entire year. This will be monitored throughout the year but will NOT be a factor in recruitment and hiring.
- (11) Emergency Management still has \$2,815 in COLA that needs to be allocated.
- (12) Public Works still has \$54,900 in COLA and salary increases to be allocated.
- (13) Parks and Recreation still has \$38,750 in COLA and salary increases to be allocated.
- (14) The underrun in Planning is from a vacant Office Specialist position. Planning and Community Development still has \$37,700 in COLA and salary increases to be allocated.
- (15) Underrun includes a 2% COLA and salary increases for (53) individuals that are below the minimum pay level.
- (16) Overrun is for Parking Meters approved by City Council on 01/14/2016. Reimbursement to come from Parking meter revenues.
- (17) City Council Contingency not yet allocated to projects, so spending projected at zero.
- (18) Pending finalization of closing of TIRZ 11 and transfer of cash balance. Actual expenditures could be lower.

#### Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources legally restricted to expenditures for specific purposes.

Rosenberg Library Fund (1040) - To account for ad valorem taxes collected and transferred to the library, to be used for library purposes, as authorized by City Charter.

<u>Seawall Parking Fund (1095)</u> - To account for receipts of seawall parking revenue and expenditures related to the operation and capital improvement of the seawall and beach.

<u>Convention Center Surplus Fund (1090)</u> - To account for local hotel occupancy tax, to be used to enhance and promote tourism and the convention and hotel industry.

<u>Historical</u> <u>Buildings</u> <u>Fund</u> (1093) - To account for receipts of 1/8 hotel occupancy tax, to be used for advertisement and capital repairs to historical buildings and statues.

<u>Neighborhood Revitalization Fund (1098)</u> - To account for funds to enhance neighborhood resources, economic development, public services, and the quality of life for residents.

<u>Infrastructure</u> <u>Fund (3199)</u> - To account for funds for capital improvement and/or debt service allocating 1% of the General Fund Operating Budget beginning in FY 2013 and an additional 1% in each successive fiscal year thereafter until the cumulative annual allocation reaches a minimum of 8% of the total General Fund Operating Budget.

<u>Separation Pay Fund (1099)</u> - To account for funds from the General, Waterworks, Sewer System, Sanitation, Drainage and Airport for accrued benefits paid to an employee who terminates employment from the City.

<u>Public Access Channel Fund (1092)</u> - To account for funds used for improvements and equipment related to the City's public access channel. The revenues from this fund come from Comcast. It is a legal requirement that the funds be spent to improve the public access channel.

Parking Management Fund (1096) - To account for collection of parking revenue and fees around the downtown area.

Asset Forfeiture Funds (1811) - To account for the equitable sharing of assets received from federal and state agencies to be used for law enforcement purposes. Funds are used to enhance and supplement, not supplant or replace the Police Department's appropriated budget.

Police Special Revenue Fund (1812) - To account for funds donated from the community to be used for Police Department needs.

Police Quartermaster Fund (1813) - To account for funds to maintain and purchase clothing and equipment as determined by the Police Administration for all full time paid police officers

<u>Alarm Permit Fund (1814)</u> - To account for fees paid by permit holders for annual alarm system permits issued by the city. Fees shall be used for the general administration and enforcement of the city alarm systems program as required by Local Government Code, Section 214.194.

Fire Special Revenue Fund (1816) - To account for funds donated from the community to be used for Fire Department needs.

<u>Municipal</u> <u>Court</u> <u>Building</u> <u>Security</u> <u>Fund</u> (1821) - To account for a fee of \$3.00 per misdemeanor conviction and is collected for future improvements to the security of the court facilities.

<u>Municipal</u> <u>Court</u> <u>Technology</u> <u>Fund</u> (1822) - To account for a fee of \$4.00 per misdemeanor conviction and is collected for future improvements to technology of the court facilities.

<u>Municipal Court Juvenile Services Fund (1823)</u> - To account for a fee of \$6.00 per misdemeanor conviction (90% State, 10% City) to promote the efficient operation of the court and the investigation, prosecution, and enforcement of the offenses within the court's jurisdiction.

Settlement Fund (3050) - To account for funds collected through the legal department.

**Island** Transit Fund (1300) - To account for the receipt of and expenditure of federal, state, and local revenues designated for transit and other livable community projects.

- (1) Water revenue less than budget largely due to wet conditions.
- (2) Overruns in Utility Billing include overtime and expenses for temporary help to implement new rate structure. \$10,554 for salary increases and COLA still left to be allocated.
- (3) Overruns in Distribution are related to personnel cost as a result of applying a 10% vacancy rate. The average as of December appears to only be 5%. \$20,900 for salary increases and COLA still remain to be allocated.
- (4) Water purchases from GCWA projected at budget for the year although it is likely that it will be somewhat under budget if rainfall and conservation continue. Additional analysis is required prior to publishing the second quarter report.
- (5) Underruns are the results of the defeasance and refunding of bonds. The savings for FY2016 will be transferred to Distribution to purchase meter registers.
- (6) Funding for salary increases and COLA remaining to be distributed throughout the fund.

# PROPERTY TAX REVENUE JANUARY 2016 STATUS REPORT

- FY 2016 property tax collections through December 2015 total\$12.4 million for current and delinquent taxes. October through December collections historically total about 40% of the fiscal year's total taxes. And there is a wide variation on this pattern because taxes are due and payable until January 31 and much of the taxes paid on time are not recorded until February. At the end of February, approximately 89 to 90 percent of the final total for the fiscal year will have been collected and a projection of the yearend total can begin to be made.
- Until then, we base our estimate of collections on the latest supplemental tax roll from the Galveston Appraisal District. Current and delinquent taxes are expected to equal \$24,835,000 as compared with the budget of \$24,650,000. This amounts to a projected \$185,000 over budget.
- A trend is emerging that is causing more taxes to be collected late in the Fiscal Year. Increasing numbers of taxpayers are opting for the semiannual payment options with taxes payable December 1 and July 1. Taxpayers are also apparently opting for the quarterly payment option as well with installment payments due February 1, April 1, June 1, and August 1. Since tax year 2012 (fiscal year 2013), this has increased collections after June 1 considerably. Total collections for June-September this year were 5.2 percent of the final total or \$1.31 million up from 3.1 percent just five years ago (see below). Information on these special payment patterns and the numbers of taxpayers and amount of taxes being paid through these special arrangements will begin to be available in the sixty to ninety days.

Fiscal Year	June-Sept Collections	Percent of Total Collected
2010	\$684,310	3.09%
2011	\$939,699	4.13%
2012	\$995,932	4.25%
2013	\$1,185,000	4.87%
2014	\$1,274,127	5.14%
2015	\$1,306,956	5.23%

# CITY OF GALVESTON SALES TAX MODEL JANUARY 2016

#### FY 2016 Sales Tax Estimate Overview

January's sales tax received by the City from the State Comptroller's Office totaled \$1,346,251 for the full two percent revenue amount. The City's share, net of the IDC one-half percent reserved for specific economic development project categories, was \$1,009,687, six percent more than the amount received in January 2015. Two months into FY 2016, the City's sales tax collections are 1.78% ahead of last fiscal year. On a pure trend basis, if FY 2016 turns out to be like the last fifteen years, excluding 2007 and 2008 when sales tax revenue underperformed the longer term trend in the latter part of the year, FY 2016 would see \$15,127,000 total sales tax revenue. This would be \$138,000 under Budget. Modeled sales tax projections depend on metro area employment as the key driver of revenue.

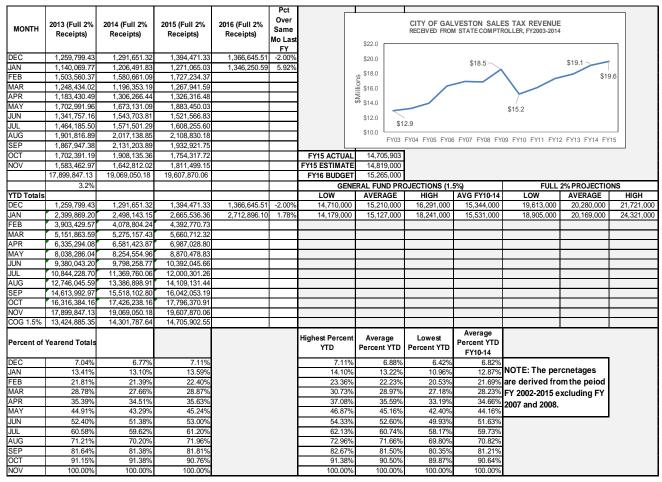

Since the FY 2016 Budget estimate for sales tax was formulated in July, 2015, Houston's 2016 employment picture has worsened. Dr. Robert Gilmer of the University of Houston has adjusted his employment forecast to account for the mainstream energy sector forecast which does not project recovering oil prices and drilling activity until 2017. The Greater Houston Partnership's 2016 employment forecast is very close to Dr. Gilmer's. It is significant, however, that Dr. Gilmer's employment forecast anticipates a strong recovery in 2017 and beyond.

Fiscal Year	July 2015 Revenue Forecast (\$000's)	January 2016 Forecast (\$000's)	CUrrent Over/ (Under) Budget	Pct Diff
2016	\$15,264.6	\$15,117.5	(\$147.1)	-0.96%
2017	\$16,014.4	\$16,345.5	\$331.1	2.07%
2018	\$16,794.1	\$17,783.2	\$989.1	5.89%
2019	\$17,503.9	\$18,603.1	\$1,099.2	6.28%

As shown in the table above, FY 2016 sales tax revenue is modeled to be \$147,100 under budget at \$15,117,500. This is very close to the trend of \$15,127,000 mentioned above.

As additional months' receipts are received, the trend will continue to be be combined with the model to produce a balanced, conservativeyearend estimate.

#### GALVESTON SALES TAX REVENUE BY MONTH FISCAL YEARS 2013- 2016

#### **City of Galveston Model Variables**

The sales tax model uses the following variables adjusted as described.

- Houston Metro Area Employment This is the total jobs for the area as reported by the Bureau of Labor Statistics and adjusted by Dr. Ron Welch for local municipalities. The model utilizes a two quarter moving average of this series.
- Houston Metro Area Base Employment This is the total number of base jobs in the region, including primarily energy, medicine and space. This series is lagged four quarters to measure its greatest effect on revenue.
- U.S. Exports to Mexico This is the value of exports as reported by the Federal Reserve Bank of St. Louis. The previous quarter's export values are used to explain sales tax revenues in the model.
- U.S. Real Gross Domestic Product Also provided through the Federal Reserve Bank of St. Louis, this series is lagged three quarters and measured on a two month moving average to gauge the most effect on Galveston's revenue.

- Summer Season Adjustment Variable Based on historical observation, this series applies weighted
  factors to the third (April to June) and fourth (July through September) fiscal quarters to explain the
  increased revenue during tourist season. Houston area inflation is used to adjust the series over
  time.
- Galveston Storm Variable Based on historical observation, this series applies weighted factors to explain the effect of Hurricane Ike on sales tax revenues from immediately prior and following the storm.
- Pleasure Pier Adjustment Based on historical observation, this series helps explain the large variation between revenue during tourist season and winter since 2012 when the Pier opened.
